Introducing

# easy-on™

PROTECTIVE COATING

The revolutionary solution that can give  
your walls up to 20 years protection.

Brought to you by Urban Hygiene

### Ordinary paint often can't cope with the rigours of school life, but easy-on can.

Recent advances in technology have resulted in the development of **easy-on**, a tough surface coating for all schools.

**easy-on** is a revolutionary coating which protects walls from scuffing, graffiti, marks and stains. Results in schools prove that **easy-on** lasts far longer than ordinary paint whilst improving the overall appearance of any corridor, classroom, stairwell or hall.

The clear, non-stick finish allows regular and easy wipe-away cleaning without damaging or staining walls, so schools keep that 'newly painted' look.

**easy-on** is applied in a single coat and complies with all school building regulations. Just think how much your school would save if decoration was only required once every 20 years? If you do the sums, I'm sure you'll agree that **easy-on** is top of its class.

### The benefits are clear

- ✓ Hard wearing finish
- ✓ Resists graffiti
- ✓ Complies with school building regulations
- ✓ Class 'O' fire rating
- ✓ Easily cleaned - scuff marks just wipe off
- ✓ Resists mould and fungi
- ✓ Low odour
- ✓ Dries in around 4 hours
- ✓ Simple application
- ✓ Solvent free
- ✓ Suitable for corridors, classrooms, kitchens, halls, stairwells etc
- ✓ Cleans 100s of times
- ✓ Saves time and money
- ✓ Protects painted walls for up to 20 years
- ✓ Very low applied cost
- ✓ Designed with schools in mind

# What our customers say

## Cleaner Streets

“For many years now we have applied **easy-on** to our subways and buildings and found it to perform fantastically in all locations. We have removed graffiti and fly posters repeatedly without leaving any shadow or stain and without compromising the coating. In fact the first site we treated still looks as clean today as it did the day we coated it despite being attacked and cleaned dozens of times.”

**Sheffield City Council - Street Force**

## Cleaner Buildings

“Despite our best efforts, keeping our blocks clean and free from graffiti was difficult. Since applying **easy-on** to our more difficult blocks, we have given our teams on site a sustainable surface to keep clean. Any marks are easily wiped off by our caretaking staff using safe cleaning products.”

**Estates Services & Strategies Group,  
London Borough of Tower Hamlets**

## Cleaner Schools

“**easy-on** has greatly reduced our cleaning workload. It now only takes one cleaner around half an hour to do cleaning that used to take three cleaners one and a half hours. Graffiti and scuffs that used to take hours to remove are now just wiped away in seconds. The entire school looks clean and areas that were decorated two years ago look as fresh today as they did then, so we're saving money on redecoration too.”

**Hookergate School - Tyne and Wear**

# Application is easy too

Brush...

Roller...

Spray

Applied by brush, roller or spray in a single coat, easy-on will form a seamless yet breathable topcoat over any existing paint finish or bare substrate.

## Surfaces

Painted or unpainted bricks, concrete, tiles, metals, stone, plaster, timber, walls, doors and ceilings.
